THE ILF ACADEMY.

ENGINEERING EXCELLENCE.
TRAINING EXCELLENCE.
ILF ACADEMY – TRAINING EXCELLENCE.

To support the personal and professional development of its employees, ILF offers a range of training courses under the name “ILF Academy”. The ILF Academy is open to each and every ILF employee and addresses employee development needs by offering courses focused on soft skills and communication skills, advanced internal process expertise and specialized technical and professional know-how.

THE ILF ACADEMY CONCEPT
The ILF Academy is committed to providing a homogenous curriculum that is taught throughout the ILF Group via development programs which combine professional know-how and key skills.

The training portfolio has been designed to promote employees’ professional and personal capabilities. It offers courses on a variety of topics, selected with the purpose of educating employees on ways to overcome the challenges that arise from typical work situations.

Delivered by ILF’s very own experts and external experts, the content is chosen in line with ILF’s fields of work. All training instructors have in-depth knowledge in their field of expertise and specific teaching skills.

ENGINEERING EXCELLENCE
Equipping ILF employees with valuable skills means not only enhancing their professional competence but also their social competence.

Driven by the vision of further strengthening its leading position, ILF makes every effort to ensure the continuous development of its employees.

This approach underlines ILF’s endeavor to guarantee the provision of engineering services at its excellence.

BENEFIT FOR PARTICIPANTS
A key principle of the ILF Academy is to further develop the potential of ILF’s employees, and enhance their professional profile.

The ILF Academy offers customized training solutions which accompany the necessary development steps for the numerous career opportunities at ILF. The training modules help participants to efficiently manage work-related challenges.

With training course participants coming from different cultures, countries and ILF office locations, training events offer a great opportunity to build a network of colleagues with similar professional backgrounds yet different career paths.

“The ILF team is the company’s most valuable asset and the key to ILF’s continuing success!”

Klaus Lässer, CEO

ONLY YOU HOLD THE KEY TO YOUR TRUE POTENTIAL
DEVELOPMENT PROGRAMS
The core development programs are intended to support ILF’s employees in excelling in their current roles and in taking on new roles within the company.

The programs for junior engineers, project managers and line managers comprise several training modules, covering internal processes, technical know-how and soft skills.

Through these development programs the ILF Academy aims to deliver well-designed training modules that support on-the-job development.

TRAINING EVENTS
Special training events provide state-of-the-art professional know-how with a strong emphasis on ILF-specific disciplines and business areas.

These training courses are designed for experts covering ILF’s wide range of engineering and consulting services.

KEY SKILLS
The ILF Academy offers all employees the opportunity to advance their personal and social skills, which are a prerequisite for successful, high-quality project work.

REGISTRATION
Please use the registration form on the internal ILF Academy site to register for training events. Before registering, approval from your superior is required.

In line with internal processes, staff development measures shall be discussed and determined during annual staff appraisal interviews and subsequently outlined in the performance planning and review process.

In addition to complying with the ILF Academy’s registration guidelines, please bear in mind local ILF training policies.

COSTS
Despite the ILF Academy being an internal institution, it still generates costs such as trainer fees, development and administration costs, that have to be covered.

The ILF Academy fees are considerably more competitive compared to those of external learning providers.
